

What's black and white and read all over?

The Herburger family of community newspapers: Elk Grove Citizen, Laguna Citizen, The Galt Herald, River Valley Times of Rancho Murieta and The Grapevine Independent of Rancho Cordova and Gold River. We've been serving the communities in which we are located for more than 100 years.

With a combined circulation of more than 60,000, we define local news. Our award-winning news and commentary are the area's community connection. We're the folks who bring you the Little League scores, the church schedules and school activities.

We're your eyes and ears when decision-makers are deciding your future, when the high school football team scores a touchdown, when somebody gets married or celebrates a 50th wedding anniversary.

We help you find fun things to do, good places to eat and convenient places to shop. We help you sell your old sofa and find your lost dog. When it comes time to move to a great home, we'll help you find it and be there to sell your old house, too.

Herburger Publications: We're the family friend who has visited a growing family of readers every week for more than a century. Let our team of advertising professionals tell you how we can serve your needs.
